PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer & IT Manager
Dec 2025 – Present

Bin Rabie Holding Group — Riyadh, KSA

- Lead mobile and web development initiatives across multiple subsidiaries (Holding, Express, Food, Courier)
- Architect scalable backend systems with Node.js, PostgreSQL, and Prisma ORM serving enterprise operations
- Built and shipped corporate websites for Bin Rabie Holding, Express, and Food divisions
- Developed full ERP system (BinRubai ERP) with financial management, inventory, HR, and procurement modules
- Developed Courier Management System with shipment tracking, driver assignment, and route optimization
- Manage IT infrastructure, cloud deployments (AWS/Firebase), and CI/CD pipelines

Senior Flutter Developer & Full-Stack Engineer
Oct 2024 – Oct 2025

Sumo Software (سمو للبرمجيات) — KSA

- Developed and shipped cross-platform mobile applications using Flutter & Dart
- Built scalable backend APIs with Node.js and integrated cloud services (AWS/Firebase)
- Led technical architecture decisions and code reviews for the development team
- Delivered enterprise-grade apps for Fintech, E-commerce, and SaaS clients

Flutter Developer & Full-Stack Engineer
Jun 2023 – Sep 2024

HelpTK — KSA

- Built HelpTK IT solutions platform (helptk.com) — web & mobile apps, e-commerce, and POS systems
- Developed qadir.sa VIP ride-hailing platform with real-time GPS tracking and multi-payment integration
- Created FixGo on-demand home services app connecting users with verified professionals
- Delivered 15+ Flutter mobile apps across Fintech, E-commerce, Health, and Social domains

Full-Stack Developer
Apr 2022 – May 2023

Gomla & Bas (جملة وبس) — Egypt

- Developed e-commerce and wholesale distribution web and mobile applications
- Built REST APIs and integrated payment gateways for B2B ordering platforms
- Implemented inventory management and order tracking systems

Software Developer
2020 – Apr 2022

Italy (Abroad Experience)

- Worked on freelance software development projects for international clients
- Enhanced cross-cultural communication skills and Italian language proficiency (B1)
- Built mobile and web applications remotely for clients across Europe and MENA

Junior Software Developer
2018 – 2020

Domina Coral Bay — Egypt

- Developed Android applications with Kotlin and Java
- Built web applications with React, Node.js, and REST APIs

- Gained certifications in Python, Java, C#, C++, Swift, and Kotlin
